

**Australian and New Zealand Intensive Care Society (ANZICS)  
2023 Intensive Care Global Rising Star Programme  
Application Form**

The Intensive Care Global Rising Star Programme aims to identify promising and innovative young clinician/scientists. The recipients will have the opportunity to present an overview of their past and on-going research activities during a dedicated symposium at the 2023 ANZICS/ACCCN Annual Scientific Meeting held in Adelaide, Australia, 29 - 31 March 2023. During the symposium each recipient will present a lecture (25 minute presentation + 5 minute discussion).

Airfare expenses (to the value of \$AU4,000), accommodation and registration costs for the recipients will be covered.

The objective of the programme is to encourage innovative and productive early to mid-career clinician/scientists disseminate their findings to an international audience. Global Rising Star Fellowships will be awarded based on academic merit and consistent with our commitment to inclusion and diversity.

Applicants should have completed, or be in-training, for a fellowship in intensive care medicine or be working as a specialist critical care clinician. Applicants must be aged 42 years or younger on 29 March 2023. Preference will be given to clinician/scientists who have pursued a well-defined and innovative research path, leading to several publications in high-impact peer-reviewed journals. Preference will also be given to those applicants who have publications in which they are listed as first or last author. While applicants may include work with Australian and New Zealand collaborators, preference will be given to work completed in the region of each applicant.

Applications will be assessed by a panel of clinician/scientists that includes members from ANZICS and an international expert. Applicants will be notified via email by Friday 4<sup>th</sup> December 2022.

The applicant must present their lecture in English. It is also anticipated that recipients will contribute to the academic and social programme of the ANZICS Annual Scientific Meeting.

All applications must be prepared on the official application form.

Please send your application in PDF form as an email attachment, **along with your latest CV** by midnight Friday **25<sup>th</sup> November 2022 (Australian Eastern Daylight Savings Time)** to the following address:

### **Presentation Abstract**

Abstracts should be no longer than 500 words in length using a minimum size 10 font with no alterations of margins. The abstract must include the following headings: Title; Background; Objectives; Methods; Results; and Conclusions. The sections stating the results must include hard data, including statistical analysis. Figures may be included in the results but the abstract length should not exceed two pages. Conclusions must be supported by data presented. Material in excess of 2 pages will not be considered.
